PATENT ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

THE undersigned are prepared to introduce into use in Tennessee W. F. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Compunies, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fall to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth surface that will resist the action of the atmosphere in every climate. It is impervious to water, elastic, and flexible, It contracts and expands with the changes of the atmos-It contracts and expands with the changes of the a mos-phere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as in abundantly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good sheathing, old shin les, tar and gravel, tin, ginc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one bundred square feet; it being far cheaper than any Roof of the old style, and we are sure it

will live better satisfaction.
It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around chimneys, scuttles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect addesion to any ob-ject to which it is applied. Tin Roofs can be puinted over (and warranted not to link) at two dillars and fifty cent-per bundred square feet, which is cheaper and much bet-ter than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to fit —such as Scenn Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steambost Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint it, it presents no chance for fire to communicate, and any light sub-tance will burn out without igniting.

Insurance Offices at Cincinnati, and other place where Childs & Co.'s Coment has been used, insure Buildings with Boofs occurred with this Coment, at the same

rate as for those covered with Iron, Copper or Tin
The Cement will be furnished to those at a distance with directions for using.
Orders sent to the undersigned, through the Postofice, will be promptly attended to

OFFICE BUCKEYS FYATE PASURANCE COMPANY. I 'TO ALL WHOM IT WAY CONCERN: This is to certify that bave examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire and Water-Proof Cement Roofing," and be lieve it ta be eminently superior to any other kind of Roof-ing in use. I was an eye witness of a severe trial of one of these Roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and comince for nearly half an hour. It stood the trial beyond all ex-pectation, and saves the building. T. M. HASKELL, President Buckeye State Insurancedo.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY, } Fi have examined W. E. CINCINNATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the *Patent Flastic Cement Roofing," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction; that its superiority over the tar composition, Roofing is decided and freely admitted. and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtue of the 'Patent clastic Roofing' as a substitute Yours, truly, J. DR. ATEN: Your Pills are the perfection of Medicine.
They have done my wife more good than I can tell you.
She had been lick and pining away for months. Went off to be declared at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. bey afterwards cared ber and our two children of bloch dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Phis, white others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN.

CHOICE FARM LANDS FOR SALE. THE ILLINOIS CENTRAL R. R. COMPANY IS NOW PREPARED TO SELL ABOUT

1,500,000 Acres of IN TRACTS OF 40 ACRES & UPWARDS, ON LONG CREDITS AND AT LOW RATES OF

INTEREST. THESE lands were granted by the Government to aid in the construction of this load, and are among the richest and most fertile in the world. They extend from North-east and North-west, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Southern sections timber predominates, alternating with beautiful prairies and openings. prairies and openings

The climate is more healthy, mild and equable than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound.

In all Nervous Eheamatic, and Neuralgie Affections, it has, in numerous instances, proved highly beneficial, and in others effected a ecided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the colubrated tholiand Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous

constitutions may have been impaired by the continuous use of ardest spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickaning every nerve, raising up the drooping spirit, and, in fact, infusing new health nd vigor in the system.
NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, the weak and low spirited, it will prove a grateful aromatic cordial, pracessed of giugular remedial properties. CAUTION.

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against parchasing.
